Ransomware Threat Guide and Toolkit Training

This briefing shares the findings of a cross-sector task force of CISOs and staff who developed a comprehensive guide and toolkit for preventing, detecting, and responding to the ransomware threat. The Best Practices Guide: (1) prioritizes controls and strategies based on effectiveness, cost, and implementation difficulty; (2) provides insights on incident response and business continuity; (3) shares approaches for presenting the threat to the Board; and (4) offers perspectives on making the "pay or not pay" decision.

CISA Releases Guidance on Protecting Organization-Run Social Media Accounts

CISA has released [Capacity Enhancement Guide \(CEG\): Social Media Account Protection](#), which details ways to protect the security of organization-run social media accounts. Malicious cyber actors that successfully compromise social media accounts—including accounts used by federal agencies—could spread false or sensitive information to a wide audience. The measures described in the CEG aim to reduce the risk of unauthorized access on platforms such as Twitter, Facebook, and Instagram.
